Caves Sonim facilities are located near Vilafranca del Penedes (Barcelona). The grapes used to make Sonim Rose come from three distinctive vineyards and the harvesting is done by hand. This is a classic cava made according to the traditional method, with the utmost rigor and care .

*Temperature controlled fermentation off the skins. The second fermentation takes place in the bottle and it stays in the cellar for a minimum of fifteen months before disgorging.*

PRODUCTION: 1,000 cases.

"Bright yellow color, with hints of green. It has a generous and steady bubble stream that forms a perfect crown. On the nose there are ripe fruit aromas and ageing tones. This wine has a well balanced taste, slightly fruity, dry and smooth. It is also broad and long in the mouth. "
