

WINEMAKERS'S NOTE

This wine fully reflects our winery's philosophy in all its splendor. Is produced from our oldest vineyards found in the slopes of the Rioja Alavesa. These perfectly mature grapes from old Tempranillo vines are the key to this wine's intensity and longevity.

VINEYARDS

AVERAGE AGE: 65 - 90 year old

SOILS: In all of our plots the predominant soil profile is calcareous clay with sandy and loamy limestone. The soil here is brownish grey, poor and with a meagre water retaining capacity.

CLIMATE: Atlantic with a continental influence. The Sierra Cantabria to the north protects from cold winds creating a microclimate that is marked by soft winters and summers along with a significant difference in diurnal temperatures that favour the polyphenolic ripening of our grapes.

CHARACTERISTICS OF THE VINTAGE : The balance of the old vines and their low yields provide a concentrated grape of high quality. Warm year but with well distributed rainfall. The harvest was done by hand and selected the best clusters and grains through two selection tables.

THE WINERY

BODEGA OBALO was built in 2006 and is situated right in the border with the Rioja Alta even though the majority of its vineyards are to be found in the Rioja Alavesa. The architecture of the winery with its harmonious gridded lines along with its cutting-edge installations reveals the youthful spirit of this project. Bodegas Obalo is part of Avanteselecta, a company which is made up of nine wineries, located in Spain's leading winemaking regions. Each one has a different personality but all of them share a common goal.
